I would like to extend a personal invitation for you to join us on **Friday 5th July 2019, 10am to 12pm** to this ACT Awareness event (formerly known as Project Griffin) in Croydon. 'ACT' meaning Action Counters Terrorism.

ACT Awareness: Protect yourself, your location and your community.

This is the national counter terrorism awareness initiative for business produced by NaCTSO to protect our cities and communities from the threat of terrorism. The aim of ACT Awareness is to:

- Help understand the threat from terrorism to the UK
- Guide individuals on what to do if they find themselves involved in a terrorist incident or event that leads up to a planned attack
- Enable people to recognise and report suspicious activity

This brand new ACT Awareness will increase your awareness of how to reduce & respond to the most likely types of terrorist activities. An attendance certificate showing all the modules covered can be awarded to attendees after completion if requested.

Recent worldwide events continue to show the level to which terrorists will go to achieve their aims with potentially devastating consequences. In the event of an incident the effectiveness of the response made by you and others is of paramount importance in protecting your community, the public and buildings.
