

# Creating conversations in Croydon

Dying well takes planning

## CALL FOR VOLUNTEERS 2019

Talking about dying, empowering communities

The Creating Conversations in Croydon project aims to encourage local people to feel more comfortable about talking openly about death & dying.

**Dying is a fact of life, impacting on all of us, but some find discussing it hard and few of us make plans.**

Would you like to empower Croydon communities to have these important conversations and to offer people support in planning for the last years of life?

YES!

Can you commit to an initial four days of free training\* and then join our team for ongoing volunteering in Croydon?

We would love to hear from you.

Please contact Carol Trower, Project Lead email: [c.trower@stchristophers.org.uk](mailto:c.trower@stchristophers.org.uk)
