

**Could you spare 15 minutes to take part
in an online survey from home?**

Exploring health and wellbeing in Black & Asian communities during COVID-19

We are looking for 200 people to part in this short online survey so we can:

- Understand the impact of Covid-19 within Black and Asian communities
- Explore ways to better improve health and well-being within the community pre and post covid-19 pandemic
- Shape health services and research to benefit all communities

— “

"This is very interesting and much needed
for our communities."
